

# CINESCAPES

PLAY & REMIX SOUNDSCAPES

# OVERVIEW

WHAT IF YOU COULD PLAY, REMIX, CROSSMIX EMOTIONALLY, TONALLY & SOUNDWISE DIVERSE SCAPE ELEMENTS BY SIMPLY PLAYING YOUR KEYBOARD ?

Cinescapes offers you a magic box to create your own sound environments for diverse moods as well as ready to go soundscapes and rhythmic ambience elements.

Whether starting from scratch, breaking down or dropping a tonal - noise backing to an already rolling rack, we believe there is something for you here.

With this 1.6 GB library you will have categorised Dark, Tense, Dreamy, Melancholy, Hope, Mystic and World elements as well as ambiences and rhythmic patterns.

Cinescapes is for Kontakt and WAV, ready to dive in either from playable instruments or wave files. You may find more info on features and instruments in this booklet.

Enjoy!
